

ViMi-Care Balancer

Suitable for all types of horses, from recreation to sport. Horses eat roughage all day long, but because modern roughage is not as varied as their natural menu, they often lack vitamins and minerals. The ViMi-Care fills that gap. The ViMi-Care is an essential vitamin and mineral mixture with timothy as a carrier. It also contains esparcette and linseed. This nourishing balancer is free from unnecessary substances such as molasses, alfalfa, (whole) grains and soy.

USP's

- Free of (whole) grains, alfalfa, soy and molasses
- Consists of only 4,2% sugar and 4,8% starch
- Contains esparcette and all essential vitamins and minerals

Daily feeding advice

- As an extra vitamin & mineral boost or in combination with pellets and/or mueslis:
 - o Maximum approximately 15-20 grams per 100 kilos of body weight per day
- As the only concentrate ration in combination with a roughage mix:
 - o From none to light work: approximately 30-40 grams per 100 kilos of body weight
 - o From moderate to heavy work: approximately 50-60 grams per 100 kilos of body weight
